

Measurement Systems International

## ACERCA de SISTEMAS DE MEDICION INTERNACIONAL (MSI)

En 1977, Measurement Systems International, una compañía certificada ISO 9001: 2015 / AS9100D, ha proporcionado una línea completa de tecnologías de nicho en todo el mundo, desde dinamómetros de tensión hasta básculas de grúa. En 2012, MSI se convirtió en una marca de Rice Lake Weighing Systems, una empresa familiar con sede en Wisconsin. Con un fuerte compromiso con la innovación, las soluciones de sistemas integrados, la calidad de producción y el más alto nivel de servicio al cliente, la marca MSI de Rice Lake ofrece soluciones de pesaje generales de ingeniería de vanguardia para aplicaciones y requisitos específicos de la industria.

"We weigh quality first"

- CELLSCALE** Model 9000: The nucleus for wireless networking solutions. 4-20mA Option for CellScale.
- BREAKOUT SUMMING BOX** Model 9002: Digital summing for any combination of channels.
- MULTIPLXER** Model 9008: Multi-connections for sensor inputs.
- CELL MODEM** Model 9020: Wireless interface from CellScale to any serial device.
- CellScale Accessory Components**: CVM Software, Industrial Computers.
- RF DIGITAL INDICATOR** Model 9750CS: Single display for weight indication.
- MSI Scoreboards**: Wireless Display for weight indication.
- RF DIGITAL INDICATOR** Model 9850: Dual display for weight indication and messaging. Ethernet Connectivity, Internal Relays.
- RF REMOTE INDICATOR** Model 9750A: Handheld display for portability and convenience.
- RF CRANE SCALE** Model 6260CS: Heavy duty applications - wireless weighing. Retrofit Kit.
- Motion Compensated RF Crane Scale** Model 9260: Harsh duty applications - wireless weighing.
- RF CRANE SCALE** Model 9300: Heavy duty multi task weighing - wireless weighing. RF Remote Control Option Available Now!, Retrofit Kit.
- HI-TORQUE RF CRANE SCALE** Model 9300FT: Powered rotator applications - wireless weighing. RF Remote Control Option Available Now!
